Book Synopsis

What does it take to be a leader of the future? There's a new breed of leader on the block: leaders who see themselves, their employees, their competition and the world completely differently. They run their companies uniquely and they are flourishing in a world that's increasingly interconnected and waking up – and this demands a new approach. These leaders are Conscious Leaders. Is this leader you? In this book you will learn: • How to practise conscious self-mastery • How to consciously relate to others • How to ensure your team are bringing their full selves to work • How to ignite passion and spark innovative energy • What collaboration beyond competition really looks like • How to increase your positive impact on the world • How to find purpose beyond profit This book guides you towards the abundance that is conscious leadership, helping you to develop an attitude of generosity in a universe of possibility.
